My name is Nancy Fernandes and I am this year's Chair of the Parent Council at Holy Spirit! As a parent of two children who attend Holy Spirit, I'd like to be an advocate for parents.

My mission is to provide opportunities for the Holy Spirit community to come together and foster good relationships so the students can have a great year.

Most of my career has been planning and running activities/programs for others to enjoy. I'm a very positive person and an active listener so please feel free to contact me with any question, idea, or opinion on appropriate topics for me to bring up during council meetings as I want your voices heard.

You can email me at nancyfernandes@live.com
